EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 15-21 directed to a claims that were non-elected without traverse. Accordingly, claims 15-21 have been cancelled.

Allowable Subject Matter

Claims 23-25 and 30-32 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's remarks filed 06-OCT-2006 are substantially persuasive.

Applicant's argument alleges that claim 23 does not require the presence of a liquid film, however, the examiner submits that claim 23 does not specifically appear exclude the presence of a liquid film. However, the examiner agrees that the grooves and/or ribs would not function in the process as claimed in the presence of a liquid film as taught by Prenger et al. (see claim 23 and paras. [0215]-[0217]).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
